Re: Wyeth-Ayerst DSE Facility
Chazy, New York

Gregg:

I'd like to take this opportunity to both commend Clifford R. Gray Inc. (CRG) for their outstanding performance during construction of the above referenced seventy million dollar (\$70,000,000) facility. In addition, I want to thank you for your continued dedication to the Project, by responding to additional work as requested by our Client, Wyeth-Ayerst Research, since project completion in December, 1996.

Both CRG and your Project Manager, Rich Bedard, have continuously demonstrated a high degree of professionalism and competence while successfully fulfilling all of your Subcontract obligations. Rich demonstrated his ability to manage \$5,253,492 worth of Electrical/ Security/ Fire Alarm/ Controls work with little difficulty.

Your firm often went above the "call of duty" and assisted the Project design team in an effort to resolve often difficult problems. Again, I acknowledge these efforts and I thank you and your staff for your superb performance.

Based on the above, SSCC would obviously welcome the opportunity to work with CRG on future Project endeavors.

Respectfully,

Patrick Toner
Project Manager
